HIGHLIGHTS

2022 is here at last, and Sants is proud to move into a new season with our valued customers and continue to offer the same high-quality material we are known for!

So here we present the ninth edition of our annual catalog, in which you'll find an extensive listing of all your favourite products! Take a peek at some of our awesome features we're offering for the new year...

UNDER ONE ROOF

As always, we've got what you're after! An extensive selection means you never have to settle for your second choice. Whether it's grasses or ferns, herbs or vegetables, mandevilla or banana, or maybe just a Wave Petunia, you need not look farther than Sants.

We like to know the more obscure products are as easy to find as the standards. As long as it's a quality product, you can be sure we'll have it, so this year get every item on your wish-list right here, all under one incredible roof.

AVAILABILITY POSTED WEEKLY

As well as our selection of grown-to-order plants, Sants provides an inventory of plug trays for immediate delivery. Our weekly availability list can be found on "WebTrack" on the Ball Seed website (www.ballseed.com) on which customers can directly book product or call their Ball sales representative to place an order.

BEGGING FOR BEGONIAS

Beginning in our 2021-2022 season, we are proud to offer a wide array of the renown Begonias from Dikken Orange! These stunning and exceptional products, including Elatior (Rieger) Begonias and I'Conia (Hybrida) Begonias, are now available in 50 Liners from Weeks 3 to 19, and the full list can be found beginning on Page 41.

VOLUME REBATES

To take part in great savings, ask us about our Volume Rebate Program. Pricing is tiered to benefit our loyal customers, reducing the cost per plant for accounts with high volumes. So take advantage of our expansive material list. Begin convenient and affordable one-stop-shopping at George Sant & Sons Greenhouses and start saving money today!

THE “WOW” DISCOUNT

The “WOW” (*WebTrack on Wednesday*) Discount is still in effect! A fifteen-percent discount will be applied to any order for current availability that is submitted on a Wednesday. To qualify, orders **must** be made directly on WebTrack (not through your sales rep) and must be intended for delivery within one week.

ARE YOU READY FOR THE SUMMER?

Our production only just keeps growing, and we are happy to grow with it! And so, in the summer of 2021, Sants has added an additional 33,000 square feet of greenhouse space. It is the third year in a row that we have increased our production floor, but this year our new house has a “cool” new twist!

In order to perfect our summertime propagation, we have built a greenhouse equipped with a “pad and fan” cooling system in order to perfectly regulate temperatures during the hottest of days of the year! With this climate-control, as well as diffused-glass roofs, we can greatly improve the qualities of summer crops such as ferns and cyclamen, and ensure our customers only receive the best material possible!

GEORGE SANT & SONS

TERMS & CONDITIONS

Orders: All orders **must** be made to a designated Ball Representative OR via Ball “Web-Track”. George Sant & Sons (Seller) cannot under any circumstances take orders directly.

To place an order on “Web-Track”, visit: www.ballseed.com/webtrack.

Cancellation Policy: Cancellations for unrooted cuttings must be received by Ball Seed Co. at least 30 days prior to scheduled ship date. Cancellations for liners or seed-raised plugs must be received prior to stick or sow date. Please contact Ball with more information on cancelling orders.

Prices/Payment: All prices are mandated by Ball Seed Co. and are subject to change without notice. The price in effect at time of shipment will prevail in case of dispute. Additional processing and handling charges may be added. Payment is due in invoiced currency and in accordance with the terms specified on invoice.

Delivery: Orders are shipped via the best possible medium at Seller’s discretion. Seller shall not be responsible for delays in delivery or for losses resulting from such delays. Seller reserves the right to make partial shipment. In the event of shortages, Seller may substitute such other, similar merchandise as is available. The freight and handling charge on Customer’s invoice covers shipment of the merchandise to Customer’s destination, and replacement or credit for damaged merchandise if the steps listed here followed. When customer receives shipment: Count all cartons. Inspect all cartons for external damage. Check for open or resealed cartons. Note any damages, shortages, open or resealed cartons on the delivery receipt; the carrier’s representative must also sign the receipt. Open all boxes immediately and inspect for damage such as scorched, frozen or broken plants; material shortages; etc, then notify Ball Seed Co. immediately.

Claims: All quality, quantity and transportation claims **must** be reported to Ball Seed Co. within twenty-four hours of receipt of goods. Note any missing or damaged cartons on the freight bill and have the carrier representative sign it. For loss or damage of an air-freight shipment, Customer must also request an inspection report from the carrier within twenty-four hours of receipt.

GEORGE SANT & SONS

George Sant & Sons is one of Canada's premium suppliers of young plants and one of the largest rooting stations in Ontario.

Founded in 1949, our greenhouse is situated on over 80 acres of land and we routinely see expansion. We are never finished improving our site and our operations, always striving to bring our customers the greatest of quality plugs and liners.

Handling material from PanAmerican Seed, Selecta, Ball Floraplant, Dummen Orange, Darwin Perennials, Benary, and much much more, we are more than ready to supply you with all your annual needs this growing season.

Plant with Sants.
